1/5: "Photocopied! Waste of \$\$ and time - the text and the ISBN barcode are all messed up! Easy to tell that it is photocopied since some the words are lengthened - shows the scanner did not capture the text correctly. Therefore, this is not the original book! Plus, the paper feels like regular copy paper, not the original paper by the publisher (I went to the bookstore to check on the original book)."

Barry W, April 4, 2014

Seller Response: This buyer is my competitor he sells the same book and is trying to sabotage my account. Remove the competition i.e my book store. I will be writing to Amazon and reporting this individual.

Laurie Ann Maldonado, April 3, 2014

Seller Response: Please return the book for a full refund. You have owned the book for 4 months now and you only just realised you had the wrong book? Anyway as a gesture of good will please return the book and we will refund you.
